## LEAD board chooses two projects

The board of directors of the Local Employment Assistance Development (LEAD) Program, has chosen two proposals to recommend to the federal government that could create as many as 29 permanent jobs in the county.

LEAD planning co-ordinator Andy Campbell announced this week that the board has chosen to support infrastructure proposals made by the municipalities of Anson, Hindon and Minden and Dysart et al for recommendation to the Employment Development branch of the Canada Employment and Immigration Commission.

The proposal submitted by the municipality of Dysart et al, calls for the construction of a 12,000 sq. ft. building in the municipal industrial park that will house four businesses. The board will recommend that the municipality receive \$250,000 in federal funds to construct the commercial structure. The Dysart et al proposal predicts that the facility will result in the creation of 19 permanent jobs.

The proposal submitted to the board by the municipality of Anson, Hindon and Minden calls for the construction of a building on the former Welch property near the intersection of Bobcaygeon Road and Newcastle Street that will become the home of the County of Haliburton

Association for Child Enrichment (C.H.A.C.E. Place) and a retail business outlet.

The board will recommend \$200,000 in federal funding to finance the construction of the facility that has the potential of creating ten permanent jobs.

According to Campbell, the municipalities have been asked by the board to expand on the initial submissions to include more detailed cost estimates, architectural drawings, feasibility studies, job descriptions etc.

Campbell pointed out that the municipalities will be responsible for the operation of the facilities and will be expected to absorb any expenses in excess of the recommended federal funding. In essence, he noted, the municipalities as the sponsoring agencies will become the landlords of the proposed buildings and the role of the LEAD corporation will cease once the funds have been provided for the construction of the buildings.

The planning co-ordinator explained that the five member executive of the board considered 11 infrastructure proposals in all and recommended two proposals for immediate consideration by the 16 member board. The board agreed with the submissions on June 25 and also agreed to "put two more proposals on hold pending more information from the sponsoring organizations" Campbell commented. The board will also be requesting funds from the federal commission to hire a consultant to study the feasibility of establishing a lending corporation in the county.

Campbell explained LEAD will be assessing the need for such an agency through interviews with area businessmen. "The Board of Directors could incorporate and become the Haliburton County Lending Agency" Campbell said, noting that similar corporations have been created in other regions through the LEAD program.

The mandate of the corporation would be to create permanent jobs through loans to businesses that intend to expand their operations. He predicted that the board should know by mid-July "If the government has approved a consultant."

He added that the final proposals of the two municipalities "Should be prepared and ready to hand by late September."

"We hope to have the submissions approved by the new year, but it may be sooner," he commented.

*Ontario Scholars of the grade 13 graduating class at Haliburton Highlands Secondary School receive the accolades of the fellow students and families during the commencement ceremonies held Wednesday in the school auditorium. Recipients of this award, who have achieved an average of 80% or more in six subjects in their final year, include, from the left, front row, Angela Googh, Tara Davies, and Kathleen Walsh. Back row, David Barry, Robert MacLeod, Michael Parish and Timothy Wessell. For more pictures and complete story see pages 12 and 13.*

## Teachers settle 1985-86 contract

The elementary school teachers in Haliburton County have reached a contract settlement with the board of education for the coming year. The agreement was reached June 17 after little more than a month's bargaining. The contract has been ratified by the board.

According to the agreement, the teachers will receive a 3.9% increase in all wage levels in the salary grid. The same percentage increase will also apply to all other monetary items in their contract.

The teachers also agreed to place principals on a three year grid. Previously, individuals hired as principals, received full salary immediately. Now that plateau will be reached in three steps.

The board has also agreed to pay 85% of the teacher's OHIP life insurance and extended health care coverage. The board formerly was responsible for 75% of the health insurance and 66% of the life insurance premiums.

The teachers and board previously entered into an agreement under which a teacher could be paid for four years over a five year

period. The fifth year, the teacher would take a leave of absence from a teaching post. According to the contract reached last month, the board will now charge \$100 handling fee if a teacher enters into this

agreement and then withdraws before the term is complete. The fee is designed to help cover the bookkeeping costs, and other expenses involved in the premature termination of the agreement.

The board and teachers have also agreed that the maternity leave can now be used by teachers up to 11 weeks prior to the expected arrival of the baby. Formerly the period was six weeks.

## Orthopaedic unit will remain open at Lindsay

The orthopaedic unit at Ross Memorial Hospital in Lindsay will continue in operation for an unspecified length of time. The decision to extend the services was reached by the hospital's board of governors following an outpouring of concern from residents in Haliburton and Victoria Counties over the future of the service.

According to one report, the unit was to have been shut down by the end of June leaving patients with lengthy trips to Toronto, Peterborough or other larger centres for treatment.

When reports of the situation circulated, petitions were started in this

county. These were presented at a special meeting of the hospital board June 26. The Haliburton County petition which was spearheaded by Sonya Holliday-Rhodes, assisted by Simone Harrison and Irene Moore, among others, contained 1700 signatures.

According to Mrs. Holliday-Rhodes, the document could have contained many more signatures, especially if the cottage associations and groups in the area could have been contacted. Since the time for organizing the petition was so short, the organizers concentrated on the Minden and Haliburton

communities.

Those attending the meeting last Tuesday, report that members of the hospital board appeared annoyed that some of the doctors at the hospital had spoken out on the issue. Dr. Trevor Yardley, who heads the orthopaedic unit, was particularly vocal in his condemnation of the board's decision to close the service.

While the board's decision is still open, since the possibility of closure remains, the organizers are pleased that the hospital board has responded positively to their concerns for the moment.

## Other Mindens

Minden, Nebraska, U.S.A.

by Hilde Lange

Talking to a visitor from another country makes us take a look at ourselves. Not that we feel the need to be defensive, but seeing ourselves as others see us is reason enough to make us pause and take a better look.

In recent years, the Minden area has been privileged to have several exchange students, either during the summer, or for the entire school year. Host families have all commented on the many benefits their own families have received from their foreign guests.

At the Minden Courier we have tried to interview these visitors and we find that each one has some unique insight into the American way of life. Seeing ourselves as others see us can be anything from deeply gratifying to down right embarrassing. The frankness of teenagers can make it both during a single interview.

Many of those who had gone to school in the U.S. for a year, referred to the American education system as "play school". In Europe, summer vacations are limited to 6 weeks and students have as many as ten required subjects, many in the field of science. The emphasis on sports is also surprising to foreign students who say that if they wish to take part in any athletic events, then they have to join an athletic club.

One young man from France was shocked at the way Americans drive "so slow" and obey the traffic rules. Yet one man from Germany was impressed by the horse power in our cars and how quiet they run. He noted that in Germany cars have lower horse power. Thus the engine works harder, is noisier and wears out faster.

Several were surprised by the way Americans jump into a car and go to another town for shopping or entertainment. America's total dependence on automobiles is a puzzle to all visitors without exception. Along with this though, foreign visitors find it difficult to understand our lack of public transportation which forces us to depend on automobiles.

The lack of road signs on country roads is another cause for comment. Apparently the common practice in Europe is to place a sign post at each intersection indicating the distance to the next town. In Nebraska the country is divided up into square miles with a road every mile so people give directions by saying "go three north and four west". Even fellow-American visitors from the cities find this practice very confusing since they have no idea which way is north. In the cities directions are given by saying "left and right".

The one thing that all visitors find noteworthy is the vast amount of empty space here. Comments like "fields that go on and on endlessly," "so much distance between towns" are common. Of course, we explain that this is not true in the eastern part of our country, but our guests in Nebraska will all go home with memories of the wide-open spaces.

Adult visitors from Scotland observed that Americans do not have nice homes; rather the nice homes have the Americans. Their criticism was that we work so hard to have nice homes and cars that we leave no time to enjoy them. To folks from a country where weekends are for relaxation, the idea of spending a Saturday mowing lawns and washing cars was appalling.

Many find our weather too extreme. With weeks of below zero temperatures in winter and weeks of above 100 °F in summer it's a difficult adjustment for newcomers.

But in looking back over past interviews, there is one common thread that runs through every one. Without exception, every visitor from another country has declared that the outstanding memory they will carry with them is of the people. It has been said in many different ways and with many different accents but the sentiment is always the same.

One young man said that he knew more people after two months in Minden than he did after 17 years in his home town.

Several students revealed that when American exchange students come to their country, they are welcomed with caution and curiosity. The open friendliness of Nebraskans seems to be a surprise to many people but also a source of great pleasure.

As time goes by, our former visitors may forget about our school system, our driving habits, our wide-open spaces and even our weather. But they all agree that the one thing they will always remember is the friendly people. Maybe we aren't so bad after all.

## South Lake cottage meeting Saturday

A cottagers' association will likely be formed this weekend at South Lake. Plans for an organizational meeting have been circulated to non-commercial property owners on the lake.

According to one of the organizers of the meeting, the need for an association is long overdue. Barbara Lester, a cottage owner on the lake, noted there are almost 100 cottages on the lake and three commercial establishments. She points out that the lake is approximately one and a half miles in length by one mile at the widest.

One of the main concerns or the organizers is a proposal for a portion of property abutting the lake in Snowdon Township. According to Mrs. Lester, the proposal calls for the land to be rezoned to commercial, with a trailer

park to be built there. She noted there are already two large trailer parks on the lake.

She pointed out that some cottagers have already responded to the zoning change, but feels that an association of cottage owners would present a stronger voice.

Other issues to be considered by the new association include consistent lake levels, improving lake water quality, the neighbourhood watch program, and fish restocking of the lake.

All cottage owners on the lake are invited to attend the meeting which is slated for 10:30 a.m. this Saturday. The meeting will be held at the Lester cottage, located next to the South Lake Trailer Park. Those attending are asked to bring a lawn chair.

A young participant in one of the illusions presented by Herbie the Clown, prepares for the worst during a performance at the Canada Day celebrations in Minden Monday. With his head locked in the guillotine the youngster was asked to hold on to his ears just in case the lethal blade followed an unexpected course. To the delight of the audience and the relief of the volunteer, the trick was carried out successfully and he emerged intact.

## Scanner purchase approved

The Peterborough Region C.A.T. Scan Fund has ordered one of the world's most advanced medical diagnostic x-ray imaging systems for delivery in the fall of 1985, it was announced this week by Victor E. Henderson, Chairman of The Peterborough Region C.A.T. Scan Fund.

The new ultra-fast electronic device, called a Computed Tomography (CT) whole body scanner, will enable doctors to perform in just seconds, studies of head and body tissues with unprecedented detail and accuracy, Henderson said.

Because of the remarkable ability of CT to pinpoint the precise location of cancers, degenerated tissue and other abnormalities deep within the human body, it often can preclude the need for exploratory

surgery, or for the need to conduct painful, and sometimes risky diagnostic studies. The speed of the system is particularly useful in examining young children, or babies which are incapable of remaining still or holding their breath for any length of time.

The scanner will be manufactured by Siemens Electric Company in West Germany and will be located in the Peterborough Civic Hospital but operated jointly by St. Joseph's Hospital and Peterborough Civic Hospital. It will serve the counties of Haliburton, Victoria, Northumberland, Peterborough and the northern half of Hastings County.

A team of radiologists and technologists established a list of eight potential equipment suppliers and following extensive investi-

gations a bidders list of three suppliers was determined consisting of General Electric (USA), Siemens (West Germany) and Picker (USA).

A request to tender accompanied by a detailed technical specification was issued to the companies on the bidders list in late May. A three to four week bid evaluation followed during which features and equipment options were either added or deleted from each tender to bring all three bids to a common denominator. The evaluation included the total capital cost, a technical analysis, as well as the manufacturer's service capability and the anticipated cost of service over the next five years.

It is anticipated that the CAT Scan equipment will be in service in November of 1985.

## Grant will help emergency services

The Township of Dysart et al is one of 56 Ontario municipalities which will share \$1.9 million funding in support of improved municipal emergency preparedness.

Under the federal/provincial Joint Emergency Planning Program (JEPP), the federal government contributes one half of the cost of projects to enhance municipal emergency response capabilities, with the municipality paying for the other half.

Applications for assistance are approved by the Ontario Ministry of the Solicitor General, with federal funding administered by Emergency Planning Canada and provided by the Minister of National Planning Defence, the federal minister responsible for emergency planning.

With the \$26,000 contribution, the township will set up a communications system for directing and coordinating emergency response activities throughout Haliburton County and the northern portion of Victoria County.

Payment will be made to the township as the project is completed.

## editorial

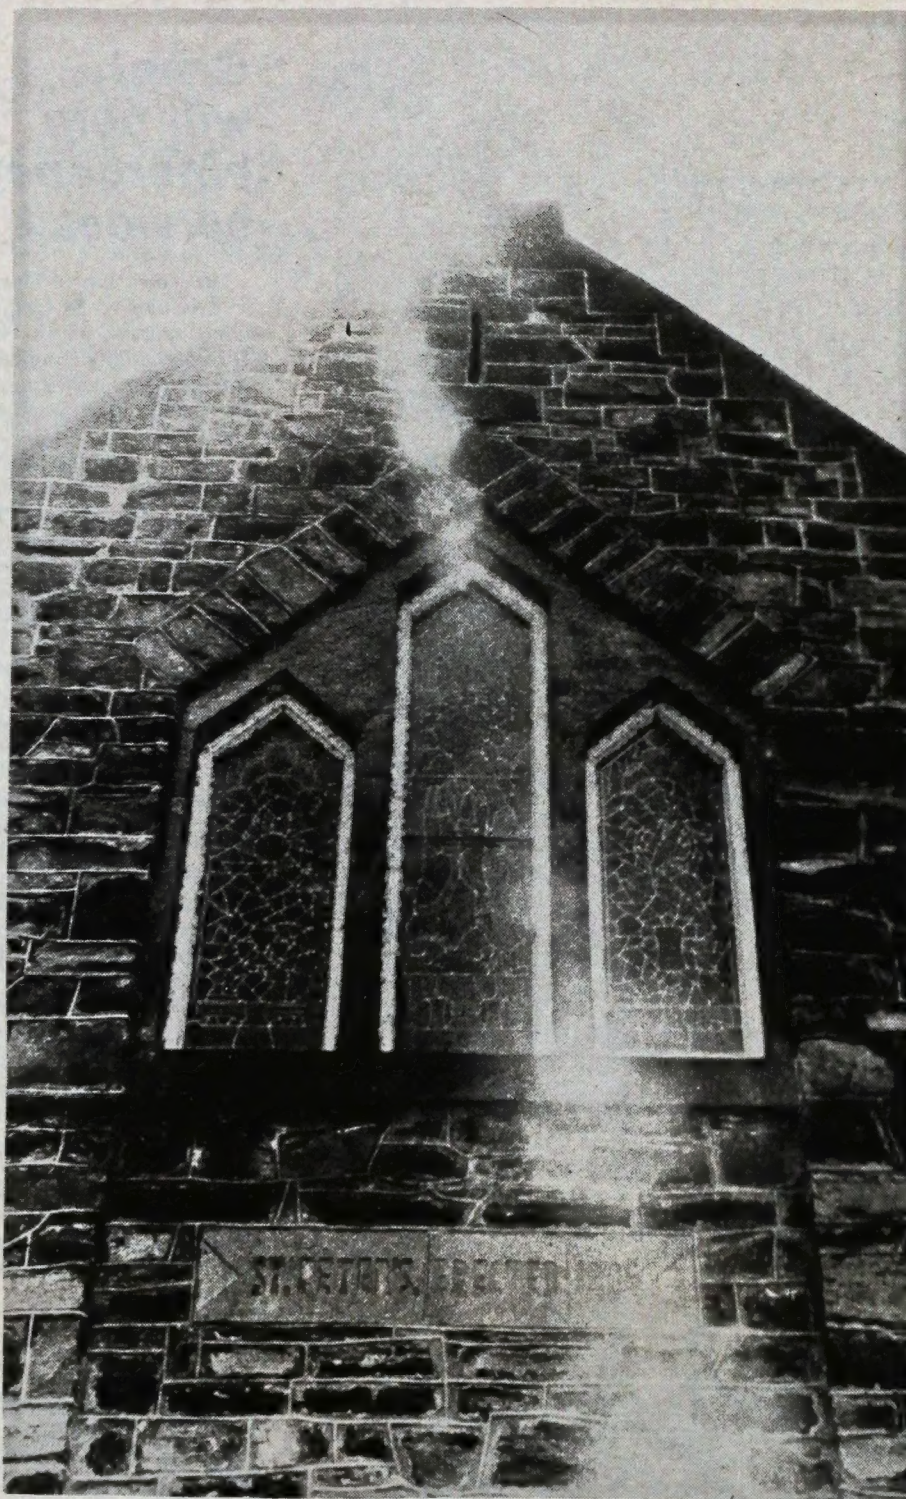

# A victory of sorts

The citizens of Haliburton and Victoria counties appear to have won a victory of sorts in the decision of the Ross Memorial Hospital Board of Directors to extend the orthopaedic services at the facility for an unspecified length of time.

We are cautious about calling the change in direction a complete "victory" for a number of reasons. The most obvious is the open ended remark by the board which indicated the service will continue for an unspecified period of time. While the comment reverses what appeared to be the inevitable closing of the unit, it is not a ringing endorsement of its continual existence. We would have been more comfortable with a statement of total support, or one with a specific time limit - perhaps a period for further review.

When the issue first arose, the board and the hospital never declared outright that the unit would be closed. They indicated that the orthopaedic service was one of a number of departments where service would be cut to save money. As consumers of health services, the public has a right to know, in advance, what changes are being contemplated. Hospital boards must be willing to share that information with the public they serve and give the public time to make a reasoned response.

Finally, the reason offered for even contemplating the closure of the orthopaedic services was the anticipated deficit of \$750,000 in 1985-86. While the hospital board bears the responsibility for the operation of the facility, it is dependent, to a great extent, on the generosity of the province in providing funding. Attention and lobbying efforts should not only be directed at the local board, but must also include Ministry of Health officials and politicians on both sides of the Legislature. Only by ensuring the message gets through in Queen's Park can those who have fought for retention of the service in Lindsay be assured the hospital will have the necessary funding to carry out the wishes of area residents.

St. Peter's at Maple Lake.

## outdoors

Federation of Ontario Naturalists

From dawn to dusk, their garish black-and-white forms frolic joyfully across meadows and farm fields. Zany chortling and warbling fills the air, as one poet put it in a "bubbling delirium, a mad, reckless song fantasia, an outbreak of pent-up irresistible glee."

Bobolinks, now at the height of activity, are unmistakable in song and appearance.

Both sexes vaguely resemble a red-winged blackbird in size and build. But there, the similarity ends. The male, in breeding plumage is jet black, with a creamy saddle across the back of his neck, and great white patches atop wings and back. It's the male whose constant babble - while perched or flying, low or swirling and twirling in small 'colonial' flocks - rivets attention.

The female is rarely noticed by people and those that do usually think her a different bird altogether. She's camouflaged with a nondescript yellow and brownish striping which blends almost indistinguishably with vegetation.

Like so many of our birds, Bobolinks are mystical links with exotic far-off places few of us will ever visit. They spend the winter, spread out over South America from the Caribbean Islands through southern Brazil, Argentina and Paraguay - places most of us have trouble even visualizing on a map.

About April, they take off, moving straight north over the ocean, coming into North America like a giant wave, there spreading out over their nesting grounds. Most of 'our' Bobolinks arrived about mid-May, the males coming about a week ahead of the females, and commencing singing as though staking little territories in a large colony.

The females' arrival heralds a courting ritual best described as a flight of fancy. Singing full volume non-stop in a gyrating, swirling performance, many males compete for attention. They land, spread wings, arch necks to show the saddle, and often hop down into clearings to strut about, pigeon-like, with wings spread and tail splayed, ploughing the ground. Then up both genders go, in a madly exhausting, racing flight that will zing back and forth across the meadow.

Mated, the female becomes extremely secretive, choosing as a nesting site a simple earth depression - sometimes a cow's footprint or a tire rut - hidden in deep vegetation. She gathers up a bit of plant debris close at hand to line the edge, making a 'nest' which is not only nondescript, but almost invisible.

The 4 - 7 earth-grey to

(more on page 7)

## Editor:

That story of yours, appearing in a police report, where salt-hungry raccoons and porcupines were creating vehicle brake failures through their gnawing on hydraulic flex-lines was unusual, and therefore interesting above average. The suggestion was made that a salt block, purchased from a livestock supply house, and set out, would provide a salt source probably preferred by the critters was also interesting. The suggestion sounds so humane, and benevolent. But wouldn't a good treatment with lawn and garden hose, and brush, eliminate the attraction? It was sort of surprising no one mentioned that!

Your story forms part of "Report from the Country" scheduled for presentation with the late news on Saturday, July 13, and I thought

that this might interest you and yours.

Too, I want to say thanks again for helping with this presentation based on the small town newspapers, and

for keeping me posted on all the "doings" in and about Minden each week.

Arthur Carr,  
CKCO-TV's  
Country Editor.

## Economy strengthened

- by Bill Scott, MP -

The Canadian economy has been showing growing signs of strength since last September's election of a Progressive Conservative government. Employment has risen. Interest rates are down. Investor confidence is strengthening. Consumer spending is rising. Prices are stable. Export levels are up. Bankruptcies are declining.

Here is an overview:

Unemployment Declines,  
Employment Rises  
In the nine months since

the election, 271,000 new jobs have been created - 159,000 in the last two months alone. The unemployment rate has fallen from 11.6% in September to 10.5% in May. The youth unemployment rate has fallen from 18.3% to 16.2%.

According to a third quarter hiring intentions survey undertaken by Manpower Temporary Services "employer optimism has risen to its highest level

Tracy Roidi, left, and Denise Sannes, below, sported two of the many clown faces during the afternoon. Lower left, an enthusiastic field of participants took part in the nail driving contest and lower right, Herbie the Clown leads his band of volunteer musicians during the stage performance.*

# New outlook for Chamber

The Chamber of Commerce building on Minden by-pass was a hive of activity one day last week. As a steady stream of visitors dropped in to ask for directions of information on accommodations in the area, chamber employees and members of the board of directors were hard at work, raking, shovelling and planting as part of a landscaping work bee.

In the centre of all the activities, dressed in a checked shirt and coveralls, was Shirley Rapson who was beginning her third week as the manager of the Haliburton Highlands Chamber of Commerce. The landscaping done for the day, Mrs. Rapson took time to talk about herself, the chamber and the future of the county.

Born and raised in West Guilford, Mrs. Rapson is the daughter of Mrs. Elva Cooper and the late Stanley Cooper. After graduating from high school in Haliburton, Mrs. Rapson moved to Toronto where she married her husband Ken and raised two sons, Michael and Martin.

During the twenty years she spent in Toronto, she began her own insurance business.

When her husband transferred to Timmins to take a position as a teacher at Northern College, she moved the business to the northern Ontario mining town and continued to operate it for 14 years until last year.

Without the demands of the business to occupy her, she found she had more time to visit her family in West Guilford and during one of those visits, she read about the interviews being held to select a new manager for the Chamber of Commerce.

She was chosen by the board's hiring committee and began her duties on June 1.

She applied for the position. "Because it sounded challenging and exciting, an adventure, really," she said, adding, "With my background, I felt I had something to offer." "The bonus is that the job was in this area."

She said that she has come to realize how exciting the landscape in the Highlands can be. "You don't appreciate the lakes, rivers and trees while you are growing up. It is just home. But you do when you come back."

When asked if she was aware of the problems the Chamber has experienced in the past few years she answered, "I was not completely aware of all the problems, but I know there

were undercurrents. There has been a downside perhaps, but I have every reason to believe in a great future for the county and the chamber."

To underscore her remarks, she referred to a letter from the organizers of the Ride for Sight that took place in Minden earlier last month. In the letter, Norah Cassidy Frood, the executive director of the National Retinitis Pigmentosa Foundation of Canada, expressed her appreciation for the tremendous support the chamber provided.

An accompanying note from Art Rea, one of the Ride organizers, commented on the beautiful scenery and the friendly reception and promised to return to the area.

She said that there was great potential in the village of Haliburton with the many shops, the Rails' End Gallery and Head Lake Park and Minden, particularly because of the Gull River. "People love to visit villages like that," she said, adding, "We have quality everything here and most importantly, an outdoors that cannot be improved on. It is the responsibility of the chamber to do a good job in telling people about it."

Mrs. Rapson said that videos will prove to be an important promotional aid. "We need something that is vital and active to promote the region, not just pamphlets on the table."

She noted that both the province of Ontario and Parks Canada have invested in promotional videos. "They are not cheap. We

Led by the new manager Shirley Rapson, centre, members of the Haliburton Highlands Chamber of Commerce board of directors divide manpower to beautify the new Chamber office. Included in the work crew were, from the left, Directors Rhonda Elstone, Shawn Hagerman, staff member Lorna Hicks, Shirley Rapson, director Al Mayo and Minden Horticultural Society representative Bob Harrington.

can't put together a quality product for nothing," she said. "But they are effective."

She suggested that the videos could be presented at Expo '86 in British Columbia and at Ontario House in London, England as well as other places.

She said that this region can attract people from England and Europe as well as the Pacific rim. "There are more people from other countries coming to this region all the time. If I can travel to Europe or Morocco or wherever, why should we not expect them to come here?"

Turning from comments of the future possibilities for the chamber, Mrs. Rapson commended the work of members of the board of directors, many of whom

had participated in the work bee earlier in the day.

"Considering that they are volunteers, I don't think that they are getting much credit for the work they do. They are doing it for the sake of the community," she said. She also drew attention to the positive attitude of the people who work at the chamber office, adding, "This building provides an important service to the region. I built my own business on service. There is no other way to run a business. As long as we do that, we will be doing our jobs and serving the county."

# Quiet weekend for police

While the county witnessed the usual holiday weekend influx of visitors, there were few major accidents according to a report prepared by the Minden detachment of the Ontario Provincial Police. There were, however, a number of occurrences during the weekend.

## Missing youth

The OPP helicopter was just about to join a search for a missing youth in the bush north of Dorset Sunday morning when word was received that the boy had been located.

The search was started when 13 year old Lawrence Steele of Sherbrooke,

Quebec, went frog hunting near his parent's cottage on Buchanan Lake. The youth became lost Saturday at 7 p.m. and was forced to spend the night in the bush.

He was located early next morning by Constable Bob Wood who had spent the night in the bush. The missing boy was cold and damp but otherwise none the worse for his experience.

## Fire

Two people narrowly escaped serious injury when their boat burst into flame Monday afternoon.

William Day and Ida Firestone, both of Toronto, were preparing for a boat ride on Boshkung Lake in

Stanhope Township. The boat was being refuelled when some gasoline spilled on the deck. The spill was washed away with water and the motor started. However, the spark from the ignition ignited some fuel which had flowed to the stern of the boat.

The couple managed to jump into the water and push the boat away from the dock. It burned and eventually sank. The two were treated at Minden hospital for burns to their legs. The incident was investigated by Constable Joe Dorricott.

## Charged

A Monmouth man has

been charged with careless driving following an accident Sunday near County Road Four.

Ralph Watson, 30, failed to negotiate a turn and his vehicle rolled on to its side in the left ditch and then back onto its wheels. The driver and passenger, Max Walsh, 48, of Wilberforce, sustained minor injuries. However, a third passenger in the car, 32 year old Ed Nottage of Wilberforce, received serious head injuries.

All three were taken to Haliburton Hospital for treatment.

The investigating officer was Constable Joe Dorricott.

## Bill Scott

(from page 4)

since 1981, as substantial hiring activity is forecast for all 10 major industry categories."

## Interest Rates Fall

The Bank of Canada Rate has fallen from 12.38% on election day to 9.57% on June 20th, a decline of almost three percentage points. The Chartered Bank Prime Rate has fallen from 13% to 10.5%, the lowest level in seven years. The rate of five year mortgages has fallen from 14.25% to 11.75%, the lowest level in six years.

## Confidence Grows

Business confidence is at its highest level in more than four years. The first quarter Conference Board Survey of Business Attitudes and Investment Spending Intentions indicated "a growing confidence in Canada's short term economic prospects. An increased proportion of senior managers now see the near-term economic outlook characterized by lower unemployment rates, stronger sales and improved profits."

## Capital Investment Intentions Rise

According to the April 1985 Survey of Business Capital Investment Intentions of Large Firms, "The business community is more optimistic than six months ago. Companies report that their real capital spending may advance by about 13 percent in 1985."

## Consumer Spending Rises

Consumer spending is rising and that is good news for retailer, small businesses, manufacturers and the unemployed. Retail sales climbed by 8.7% in the seven months following the election. Motor vehicle sales in April 1985 were up by 29.9% over April 1984. The Conference Board reported a modest gain in consumer confidence in the first quarter of 1985.

## Price Stability Returns

The inflation rate in May was 3.9%, the tenth consecutive month that the inflation rate has been at or below 4%.

## Exports Rise

Exports rose by 12.7% in the first four months of 1985 relative to the same period last year.

## Bankruptcies Decline

In the first five months of 1985, business bankruptcies were down 13% from the same period last year, consumer bankruptcies were down by 17%, farm bankruptcies were down 15%, and total bankruptcies were down 16%.

## Oil and Gas Drilling Activity Rises

In the first five months of this year, 19% more wells were drilled than in the same period last year.

## Outdoors

(from page 4)

earth-reddish eggs, are incubated for about 10 days, and most will have hatched in the last 2 weeks or so. The young, which remain in the nest about 10 days, remain immobile, eyes shut, packed together, and coloured exactly like the floor.

The parents never fly directly to or from the nest. They always run through the grass for some distance when approaching or leaving the nest; so successful is this ruse, that few people ever see a Bobolink nest.

Within the next week of so you'll see the young, on their learning flights, guided by the parents. They'll be gathering insects - beetles, caterpillars, grasshoppers, and the like - and some seeds - mostly weed material. The trivial amount of grain seed consumed here by Bobolinks is vastly overshadowed by their - highly valued -

consumption of 'pest' insects and weed seeds.

Throughout July and into August, Bobolinks will continue this valued role, although less conspicuously, as their singing tapers off, and they commence a moult into the rather-drab colours seen in fall migration.

No words can quite describe the vivacity that Bobolinks add to our countryside. Why not discover it yourself - a few minutes spent will bring a whole new perspective to the outdoors.

# Trio lead race for Highlands Cup

If last Saturday's action was any indication, it appears there will be a three way race for the Highlands Cup this summer.

In the first of three events in the 1985 Highlands Cup ATV Challenge Series, Steven Stewart, Jeff Howe and Allan Bruce were in a league by themselves as they dominated each event they entered.

The afternoon of three wheeled racing was sponsored by the Haliburton County Snowmobile Association at the ATV track near Minden arena.

The best drivers from throughout southern Ontario competed in six classes on the demanding course.

During the five lap qualifying heats and eight lap finals drivers were able to reach speeds of more than 60 mph on the straightaway. Sixteen year old Allan Bruce of Douglas, Ontario, winner of the 1984 Highlands Cup, raced to three first and two third place finishes in the five races he entered.

Racing under the sponsorship of Minden Electric, and Prentice-Berry Ltd., Steven Stewart of Minden rocketed his Honda 250 R to two first place finishes in the highly competitive modified

classes.

Steven, who captured second place in the National Championships in Cope-town on June 22, jumped to an early lead in the two races he entered and stayed ahead of the rest of the field through the entire race.

Jeff Howe of Minden, running under the sponsorship of Town Antenna, James Howe Builder and Prentice-Berry Ltd., picked up three second place finishes. Jeff scored an easy win in the first qualifying heat of the 250 stock class and appeared to be on his way to a win in the final when he was blocked when a slower driver overturned his trike in the last lap. Jeff was unable to get around the mishap but could not catch Allan Bruce who had been pursuing him through seven laps.

Mike Yurko of Oshawa, the 1985 ATC champion was the top driver in the 350 stock class. This was the first year a 350 class was run in Minden and the race left no doubt that the big singles are no match for the smaller but quicker 250 twins.

For 15 year old David Schell of Minden, the day marked his debut on the racing circuit.

The young rider showed a lot of promise placing sixth

on his Yamaha TRI Z in the 250 Stock class.

The final results in Saturday's races listing the top three drivers in the order they finished and their hometowns are as follows:

200 - 225 Stock: Allan Bruce, Douglas; Ted Baker,

Toronto; Mark Freeman, Toronto.

250 Stock: Allan Bruce, Douglas; Jeff Howe, Minden; Shawn Larue, Keswick.

350 Stock: Mike Yurko, Oshawa; Jack Wanninkof, Port Perry; Tom Miles,

Burlington.

125 - 200 Modified: Allan Bruce, Douglas; Ted Baker, Toronto; Rob McConnell, Stouffville.

250 Modified: Steven Stewart, Minden; Jeff Howe, Minden; Allan Bruce, Douglas.

Open Modified: Steven Stewart, Minden; Jeff Howe, Minden; Allan Bruce, Douglas.

The second leg of the Highlands Cup ATV Challenge Series will be run on August 3 in Minden.

Allan Bruce number 11 and Ted Baker number 95, are airborne as they close in on the finish line in the first race of the season at the ATV track in Minden.

## Guilford Boys take tourney

The West Guilford Boys completed a perfect five game series to take top honours in the invitational fastball tournament held in Haliburton and West Guilford over the weekend.

Sixteen teams from south-eastern Ontario played a total of 30 games during the three-day tourney.

West Guilford defeated Toronto Coasters 5-4 in the final game on Sunday to preserve their undefeated record and clinch the championship. The winners began their rise to the top by defeating the Rockcliffe Hustlers on Friday. After falling behind 5-0 early in the game, West Guilford regrouped and stormed past the Minden team to win 10-6.

After shutting out Sutton 4-0 on Saturday afternoon, West Guilford slipped past Toronto Coasters 1-0 on Saturday night in front of their hometown fans. The teams played scoreless baseball through seven regulation innings, forcing the game into overtime.

The visiting Coasters

**Barry Shaw blasts out a single during Saturday afternoon's game between the West Guilford Boys and Sutton. The local team won the game 4-0 and went on to clinch the three day tournament held over the weekend.**

came close to sewing up the win, but left three men stranded in the top of the eighth inning. West Guilford scored a run in their half of the inning to win the defensive battle. A

pair of victories, including the final against the Coasters completed the team's perfect record.

In 1984 West Guilford was the runner-up in the

tournament behind Port Perry.

After losing their opening game to the eventual tournament winners, the Rockcliffe Hustlers bounced back on Saturday defeating the Toronto Athletics 6-1. However on Sunday in West Guilford, the Hustlers were eliminated from the competition when they lost 6-1 to Whitby

## Haliburton Juniors in lead

The Haliburton Juniors had a busy week playing baseball but capitalized by winning all four of their games and pulling ahead in first place. On Sunday night, they defeated the Haliburton Seniors 10-5 and on Monday night bettered the Minden Seniors 20-6. Marla McNaull had a great night for the Juniors, going 6 for 6. Later in the week the Juniors downed the Gooderham team twice.

On Monday night, Wilberforce played in Haliburton and beat the Senior team 15-11. Glenda Woodcock had a hot night at the plate for Wilberforce while Karen Miller produced some good hits for the Haliburton team.

On Tuesday night in Minden, the Haliburton Seniors played Minden Dixie Lee in a contest that looked like a runaway for the Haliburton team until the Minden bats started to produce. Home runs by Rhonda Wilson and Wendy Gough helped Minden win the game 12 to 11. Wendy Roberts was on the mound for Haliburton while Anne Newson and Joan Alger shared the win.

The same night in Wilberforce saw a match between the home team and the Minden Juniors. The game ended in a tie with the score in the high double digits - great batting practice! Two home runs, one a grand slam, by Jo Olszewski of Wilberforce and 7 runs produced by Wendy Davis of the Minden Juniors helped push up the

score.

Tickets are now being distributed for the League fund raising draw. A great lineup of prizes and a price of only \$1.00 ensure these will be easy to sell.

Standings at the end of the week are: Haliburton Juniors 20; Minden Seniors 14; Haliburton Seniors 12; Minden Juniors 11; Wilberforce 7 and Gooderham 6.

# Graduation n

Grade 12 graduates

Grade 12 graduates

Grade 12 graduates

A near capacity audience was on hand Wednesday evening in the auditorium at the Haliburton Highlands Secondary School as the students of grade 12 and 13 took part in the 1985 commencement exercises.

For the 24 honour graduate students the ceremony marked the end of five years of study at the secondary school in their home county and the beginning of more specialized education in colleges and universities throughout the province.

The colourful event began with the traditional parade of graduates and teachers led by pipers Earl and Andy Cooper across the school grounds and through the centre of the auditorium.

The graduates were presented diplomas by Mr. Stuart Baker, Director of the Haliburton County Board of Education and

Paul Wilson, Chairman of the Board of Education.

In his address to graduates, the director noted that the students had successfully completed a test of five years of secondary education and now faced an uncertain, but exciting future. "You may meet early frustration and difficulty in finding employment," he said, "But be patient, your education stands you in good stead."

He cautioned the students against taking too narrow a view of their future employment possibilities. He said that as a young graduate he had been concerned with finding a suitable career serving his country but he said, students should realize that they live in a global village and graduates in many countries, they should be concerned with helping

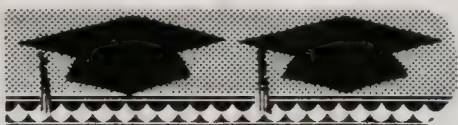

Grade 12 graduates

Grade 13 graduates

# ght at HHSS

world. He concluded by saying, "You must think of the future you will be spending your life there."

Following the introductory remarks the students were introduced to the audience. As each graduate stood in the centre of the stage, their names and parents names were announced and their future plans briefly outlined.

Of the 115 grade 12 graduates nearly 100 plan on furthering their education, either in grade 13 or at a community college.

In his address to the packed auditorium, Dale Robinson, principal of HHSS noted that a number of the students receiving diplomas were among the first to graduate from the four year special education program. He added that he has been very satisfied with the success of the program

which was initiated under the Ministry of Education's Bill 82.

During the commencement exercises Mr. Robinson was presented with a gift on behalf of the students in appreciation for his service to the school. Mr. Robinson is retiring as the principal and will be taking up the duties of the curriculum coordinator in September.

Following the presentation of diplomas to each class, Susan Ballantyne, a grade 12 graduate, and Rob MacLeod, an honour graduate, gave valedictory addresses. Both students paid tribute to their parents, teachers and fellow students for their support, understanding and contribution to high school life.

They spoke fondly of their academic experiences, beginning with their year as timid freshmen, and wishes

their fellow graduates health and success in future endeavours.

The following students were presented with diplomas during the ceremonies:

## Grade 12 graduates

Paul Allore; Peter Allore; Paul Aggett; Christine Anderson; Lisa Anderson; Heather Baayen; Jamie Bain; Susan Ballantyne; Kelly Lee Barbour; Charlotte Barry; Suzie Blake; Gordon Blanchard; David Boxall; Shirley Bryant; Eldon Bull; Lorne Burgess; Collin Burke; Markus Carl; Dianne Clayton; Kelly Clendenning; Daniel Coghlan; Paul Cowen; Cathy Craftchick; Robert Crowe; Dawn Cummings; Elizabeth Davies; Debbie Denault; Vincent Duchene; Patricia Eade; Thomas Eager; Kimberley Elias; Suzanne Fajar; Todd Fyfe; Paul Gillespie; Michael Gorveatt; Randall Grant; Shelley Greer; Susan Gronberg; Scot Hamilton; Corinne Handy; Penny Hendry; Gayle Higgins; Alison Hill; Terry Hobden; Jeffrey Howe; Valerie Hoxie; Steven Hutchings; Leonard Johnston; Peter Jowett; Kandra Kreller; Anita Kuno; Steven Kurtz; Christopher Laporte; Janet Lawson; Barry Lewis; Carol Lewis; Gregory Lodenquai; David MacDonald; Michelle Maher; Michael Mantle; Jacqueline Mawbey; Robin McCausland; David McColl; Loretta McGue; Jack McKay; Dennis McKee; Leigh McKinlay; Stephen Medley; Lee Ann Meredith; Dorinda Miles; Don Miller; Lisa Miller; Lynda Miller; Paul Milne; David Mitchell; Glenda Newell; Gregory Newell; Lori-Ann O'Brien; Jon Orpana; Sharon Packard; Jeanette Pilchard; Todd Powell; Trevor Powers; Michelle Purnell; Lisa Raby; Cynthia Roodenburg; Sean Salvatori; Marlene Sanders; Sean Saunders; Michael Sawyer; Douglas Shaw; Kevin Sicard; Karen Sisson; Cynthia Smith; Kevin B. Eade, Susan Fajar, Gayle Higgins, Leonard Johnston, Anita Kuno, Janet Lawson, Gregory Lodenquai, Jack McKay, Leigh McKinlay, Paul Milne, Lori-Anne O'Brien, Jeanette Pilcher, Todd Powell, Cynthia Roodenburg, Sean Salvatore, Marlene Sanders, Sean Saunders and Michael Sawyer.

### Grade 13

David Barry, Tara Davies, Lori Dunham, Angela Googh, Robert MacLeod, Michael Parish, Kathleen Walsh, Tim Wessell and Karen Wright.

## PeeWees lose to Ennismore

With the wind at their back through half the game, the Ennismore PeeWees defeated the Minden Mohawk Pee Wee soccer team 8-2 on Saturday June 22.

The loss for Minden evened the team's record after they won their season opener 7-2 against Lindsay on June 17.

On Tuesday June 25, the Minden Mohawk Atoms played their season debut against Little Britain and were defeated 4-0.

A spokesman for the Minden Youth Soccer League said the players fared quite well, considering that the youngsters, all

under the age of 12, have not played soccer previous to this season. The spokesman also expressed appreciation of the league, to the merchants of Minden who contributed to the purchase of the team uniforms.

It was also pointed out that although the local league started out with two Pee Wee teams, the shortage of players due to members being away on vacation has resulted in the two teams being combined and that more players are needed to fill the team roster.

Practices and home games as noted in the following schedule are played at the Archie Stouffer soccer pitch.

### Pee Wee Soccer Schedule

| Date      | Teams                    | Time      |
|-----------|--------------------------|-----------|
| July 4    | Minden at Huntsville     | 6:30 p.m. |
| July 6    | Ennismore at Minden      | 12 noon   |
| July 10   | Huntsville at Minden     | 6:30 p.m. |
| July 20   | Little Britain at Minden | 1:30 p.m. |
| July 22   | Bracebridge at Minden    | 6:30 p.m. |
| July 24   | Fenelon Falls at Minden  | 6:30 p.m. |
| July 25   | Minden at Little Britain | 6:45 p.m. |
| August 7  | Minden at Fenelon Falls  | 6:30 p.m. |
| August 10 | Little Britain at Minden | 1:30 p.m. |
| August 17 | Fenelon Falls at Minden  | 1:30 p.m. |
| August 22 | Minden at Little Britain | 6:45 p.m. |

### Atoms Soccer Schedule

| Date      | Teams                    |

## Branch 129 news

D.V.A. representative Mr. Gary Barker will be at the Legion on July 30 from 10 a.m. to noon. Any veteran wishing information or an appointment, call Lloyd Whittaker at 457-1093.

To celebrate the Diamond Jubilee of the Royal Canadian Legion, commemorative coins and ladies' charms will be sold in all Legion branches. The silver charms will be slightly larger than a dime with an attached loop, split ring and boxed. If any ladies are interested in obtaining a charm, leave your name at the bar or contact Branch secretary Mabel Brannigan.

On Wednesday June 26, Florence Fowler from Dorset won the bingo jackpot of \$500. Mrs. Fowler is 82 years of age and is a regular to our bingos. She and her daughter make the Legion Wednesday night bingos a weekly outing. Congratulations Florence.

At the regular Executive meeting on Thursday June 27, several donations to various organizations were made. \$50.00 went to the Physically Handicapped Games. \$500.00 to Provincial Command for the Tornado Disaster Fund. \$50.00 was donated to St.

George's Anglican Church to assist them with their exchange programme among the young people of Haliburton and Nova Scotia.

The Executive of the Legion was very pleased with the tremendous crowd that turned out to meet our new manager and his wife on Friday evening last. The cheese and biscuit trays were beautifully prepared by David Harrison and all the executive wish to thank him for his work.

"Bandana" had the place jumping on Saturday night. This group, with their lively

country and western music and the delightful vocalist entertained the large group that showed up for an evening of fun and dancing.

Next week the Legion will have Ed and Billy Pickard back again. This popular couple always provide fine entertainment and a fun-packed night.

Branch 129 was well represented at the dedication ceremonies in Cobocok on Saturday and West Guilford on Monday. Many members showed up in full Legion dress. The colour party under the direction of Comrade James Hobson, the band and the marching unit, all made us very proud of our local legion.

With the Legion Carnival

coming up soon, may I urge all members to please turn in their sold tickers on the \$1000.00 draw. If you haven't sold your tickets, please return the unsold ones to the boys at the bar.

## Did you know?

by Bambi Gilder

Did you know ... that if you qualify, you could get a loan of up to \$10,000 to repair and improve your home and as much as \$5,000 could be forgivable?

The Residential Rehabilitation Assistance Program (RRAP) provided by

Canada Mortgage and Housing Corp., is designed to prolong dwelling life, provide lower heating and maintenance costs and make your home more comfortable.

The portion of the forgivable loan depends on your adjusted family income and continued ownership and

occupancy of the property. You may qualify if your property is deficient in at least one of the following: structural soundness, electrical system, plumbing, heating system, and fire safety.

Acting as your RRAP delivery agent, your County Information Centre would be pleased to assist you in obtaining further informa-

tion and applying for this loan. If you feel you may be eligible for this program, why not drop in to our office anytime from 10:00 a.m. to 4:00 p.m., weekdays. Our office is located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton.

And remember, you will never know the answer, until you ask the question.

## Water levels

Rainfall of about 35 mm across the Haliburton Highlands on the 22nd of June restored the lakes about equal to the decline so that the average percentage on June 24 was 93.4% compared to 93.0% on the 17th. This brought the 1985 average to almost 4% above the 10-year average on these lakes.

The Kawartha Lakes were boosted a few centimeters too by about 20 mm of rain so that a small surplus exists on them. Later in this week a

small reduction of the Kawartha outflow was made. This gets the Otonabee River flow very near the minimum necessary for our other operations and responsibilities on the lower reaches of the Trent River.

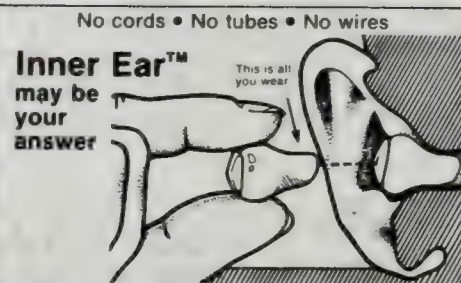

Lake Simcoe - Couchiching level is slowly declining and now is at about four cm below its rule curve for the time of year. This historical guide line is declining too, since about June 24, so that the present level is declining at about the normal rate.

# West Guilford celebrates Canada Day

The community of West Guilford celebrated Canada's 118th birthday with a day of family activities at the Community Centre. Under warm, sunny skies, the residents of the area took part in a horseshoe tournament, five mile road race, bicycle decorating contest, the Green Lake swim and various outdoor activities. The festivities culminated in a giant fireworks display. Minister of Tourism and Recreation John Eakins, photo on left, presents prizes to winners of the swim. Below, eager young competitors break away from the start line during the field day events.

## Council briefs

Items from the June 27 meeting of Anson, Hindon and Minden municipal council meeting.

Council authorized the purchase of a 1980 Ford

Maxivan tendered by Minden Plymouth-Chrysler that will replace the emergency vehicle presently being used by the Minden Fire Department.

## Pergolas offers payment explanation

Anson, Hindon and Minden Acting Reeve Ed Pergolas has responded to a letter to the editor which appeared in the June 26 issue of The Times concerning payment of municipal taxes.

In the letter, Mrs. Emma Hewitt of Minden, questioned the necessity of changing the second billing date from July 31 to July 15. Mrs. Hewitt stated that the change would greatly inconvenience senior citizens who rely on their Canada Pension cheques to pay the property tax since the cheques are not received

until the end of the month. Mrs. Hewitt commented, "It seems to me that you (council) are trying to gain 16 days on we, the people."

At the council meeting on Thursday evening, the acting reeve told council that although he does not normally comment on letters to the editor, he felt this letter warranted a statement. "I don't want senior citizens to think that we want to get their money before they do," he said, then pointed out that the tax notice includes a statement that no penalty will be charged until after August 1.

\$5350 was transferred from the department's reserve funds to cover the purchase.

Council also passed a resolution accepting a tender of \$13,400 submitted by Brant Stamp for a tanker cab and chassis. Acceptance of the tender was made conditional on inspection of the vehicle by members of the department.

### Parking problem

The municipality has found a temporary solution to parking problems at the Minden Wild Water Preserve.

Wes Sisson, a property owner near the preserve on Horseshoe Lake (1), has given permission to the municipality to use his field as a parking lot during the Canadian National Slalom Championships to be held August 9 and 10.

Over 3000 spectators are expected to attend the two day event.

Acting Reeve Ed Pergolas told council that an offer made by the municipality to purchase land owned by the

Orillia Water, Light and Power Company was turned down. The property is currently being leased by the municipality as a parking lot, but is unable to accommodate more than 40 cars.

Pergolas noted that although the offer to purchase was not accepted the lease will continue.

A suggestion that the road adjacent to the Wild Water Preserve be widened was rejected because of concerns over traffic congestion.

Council passed a resolution allocating \$500 to cover costs of operating a shuttle bus from the temporary parking area on the Sisson property and further expenses in hiring parking attendants and a police officer to assist with parking control.

The resolution included the proposal that discussions be carried out with organizers of the kayak competitions at the Preserve dealing with possible long-term solutions to the parking problems.

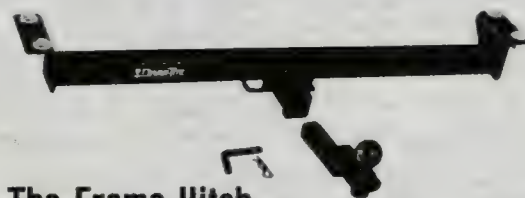

## CUSTOM TRAILER HITCHES

Class I Hitch

Providing a secure connection at an economical price, the Class I hitch is the most popular of all hitch categories. They are generally used for towing tent campers, smaller camper trailers, boats, snowmobiles, motorcycles and utility trailers. Most Class I hitches attach to the bumper with some having additional frame attachment points.

### accessories, chain and assembly parts

The Frame Hitch

The Frame Hitch is a Class II, receiver-type hitch that attaches to the frame, providing secure, heavy-duty capacity when needed ... and out of the way and out of sight when not in use. Designed with the installer in mind, it is the only one-piece, welded hitch of its kind ... and only available from Draw-Tite.

# Arcadia Masonic Lodge established in 1896

In 1896 some of the pioneers in this community made a petition to Grand Lodge for permission to form a Masonic Lodge in Minden. The original proposer of this petition is not really known, but Benjamin Freer, a lodge member originally from Northern Light Lodge No. 93, Kincardine, was the first master of the new lodge in Minden.

A dispensation was granted on July 11, 1896 and according to the report made by the District Deputy Grand Master for the district at that time, Rt. Wor. Bro. Andrew Ross, the lodge was instituted on August 4, 1896. The ceremony was in charge of Wor. Bro. Edward Fitzgerald from Spry Lodge, Fenelon Falls.

On January 7, 1898, Rt. Wor. Bro. Edward Fitzgerald, who had been promoted to District Deputy visited the lodge and installed the officers. Apparently winter conditions and travelling through bush and snow via cutters and sleighs was not considered a hardship, merely a way of life. He reported a good attendance and an enthusiastic group of Masons.

The first lodge was named Algonquin Lodge but after some research it was found there was already a lodge by that name, so after the necessary procedure it was renamed Arcadia Lodge and numbered 440, the name and number it still holds.

The first lodge room was over D. J. Hartles' store on the Main

Street of Minden and members who nourished the growth of Masonry in those days were such great citizens as Dr. William Giles, who practiced medicine in the area for many years; Rev. S. A. Lawrence, Rector of St. Paul's Anglican Church; Simeon Lott, a devoted

Mason and an officer of the lodge for many years; Sylvanus Phillips, Public School Inspector; Michael Brown, Post Master for Minden for many years; Ephriam Young, Registrar of Legal Documents; John H. Graham, who throughout his life never

missed a meeting of the lodge, a membership of over 50 years; Archie Brandon, Grand Trunk Railway Agent at Gelert; also Walter and Levi Munn, John Welch, Francis Peck, John Mouncey, J. F. Rounthwaite, John Snell, James Doxsee, J. F. Gilmour, A. J. Hewitt, Arthur Stinson, Wm. Ferguson, A. W. Moore, plus many others. The Welch, Hewitts, Grahams and Munns appear to have been some of the prominent names

through the life of the lodge.

In looking over the lives of these Brethern you will find they played a prominent role in the religious, community and municipal affairs of the village and county.

The seven Charter Members of the lodge were: Edward Fitzgerald, a bookkeeper from Fenelon Falls; Benjamin Freer, a school in-

spector; Joseph Roy, a hotel keeper; Edwin Munn, a farmer; William McKelvey, a storekeeper; Donald J. Hartle, a storekeeper; and Joseph Watson, a storekeeper, all from Minden.

James H. MacGill and Frederick W. Graham were the first

Masons initiated in Arcadia Lodge, this would have been in late 1896.

The dues at that time were 25 cents per month or \$3.00 per year. Lodge continued to be held above Hartles' store until June 14th, 1929 when a new building was located on the site of an old Firehall at the South end of Main Street beside what was

then the Valley View Inn and now the Rockcliffe Tavern. The motion to build this new lodge was moved by A.J. Hewitt and seconded by R. A. McRae.

This lodge was in use until 1947 when once again it was found to be too small to accommodate the growing membership. At the time the Anglican Parish Hall, located across from the United Church, was for sale so the old Masonic Hall was sold to Ed Harding and the Parish Hall purchased, remodelled and dedicated November 9th, 1948. It is still in use at this present location.

Arcadia Lodge has had 13 members hold Grand Lodge Office. They are, Rt. Wor. Brothers, W. MacArthur, L. A. Pritchard, Vinton Loucks, Leslie Prentice, Lloyd Johnson, the present D.D.G.M., Very Wors. Brothers, B. Freer, J. W. Watson, D. J. Hartle, John Welch, John Graham, J. M. Fleming, Harold Burton and P. M. Graham.

Past Masters of Arcadia Lodge are as follows: (\*Deceased)

## around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

Don't forget to attend the Strawberry Festival at Hyland Crest Senior Citizen's Home today (Wednesday, July 3). From 2 to 4 p.m. you can enjoy strawberries and visit with old friends for just \$2.00 per person. See you there!

Mrs. Vivian Kernohan attended the graduation of her grandson Michael Graham of Huntsville last week. Mike graduated with high honours from grade 13 and will attend Queen's University in September.

Heartiest congratulations to Phil and Florence Robinson who celebrated their 39th wedding anniversary recently. Their son Bradley was home from Toronto and the family celebrated with a delicious dinner at the home of Janice and Jack Shaw.

Club 35 winners on Monday evening were: most lone hands - Fern Donnelly, high lady - Mabel Trodd, high man - Murray Daniels, door prize - Art Verbaan. Other winners - Mary Dyer, John Gill and Ralph Schad.

Horseshoe Lake Property Owners Association are holding their annual meeting July 6 at 1 p.m. in the Minden Wild Water Clubhouse on Horseshoe Lake Road.

Minden Agricultural Society will meet at the fairgrounds on July 10 at 7:30 p.m. Everyone welcome.

Kathy Stiver and her friend Debbie Steel of Kenora, were home for a week visiting with Kathy's mother Mary Stiver of Halls Lake and friends in the area. Her sister Christine Cullen of Oshawa came up to visit and the entire family attended the Haliburton High School Graduation to see their brother Danny graduate.

The Glen Sears' from Oshawa dropped in for a short visit with their parents Mr. and Mrs. Milt Sears on the weekend.

Museum card party winners last Thursday were lone lands - (on a draw) Vera Ward. Other winners were Esther Lee, Irene Houghton, Pat Moore and Sid Rowe.

South Lake Trailer Camp had the official opening of their laundry room on Saturday with Jim D'Angelis welcoming all campers and his wife Edith providing the champagne touch. Mrs. Grace Hollman who has been visiting that park for a long time, cut the ribbon and everyone toasted and applauded. Sounds like a fun time was had by all.

Marg and Bud Marks of Thornhill spend the weekend with Emma and Earl Hewitt in Minden.

A Hole in One! Dennis Reynolds of Toronto who is staying at Fairfield Bay Cottages was the lucky golfer, using a 4 iron and a Topflite ball. Mr. Reynolds aced the third hole, 173 yards with one hop at Blairhampton Golf Club on Tuesday afternoon. The witness was Bob Smith.

A visitor to our office today mentioned we should congratulate Anson, Hindon and Minden council for finally fixing up South Water Street. He says it's now a pleasure to drive up there - no more fears for cars or even teeth being shaken loose!

What an entertaining afternoon on Monday, July 1. The Canada Day family picnic sponsored by Anson, Hindon and Minden council was again, a huge success. The day was filled with entertainment for young and old and it was very nice to see our Reeve, Lyle McKnight was able to be there and to partake in the opening ceremonies. The clown/magician was a sure-fire hit with the youngsters, while those slightly over the hill (and others still climbing) enjoyed the pie

eating contests, egg throwing contests etc. The Highland dancers were most enjoyable and the Highlands Dixie jazz band is sheer pleasure to listen to. The organizers of this year's picnic are to be commended but a special mention must go to Councillor Gary Kenney for his superb performance as Master of Ceremonies. It was a splendid day for everyone who attended and we are looking forward to next year - for even more fun and frolic to celebrate Canada's birthday.

Don't forget the folks at Hyland Crest who are celebrating birthdays this month (July). They would be very happy to know that we care - and we do.

The Rolling Readers group at Minden Library are registering now. Children who read 15 or more books from the library over the summer, will be presented with a certificate and a voucher for Canada's Wonderland at the Library Open House on August 7. We'd also like to remind you of the free movies for children each Thursday evening over the summer at the Library/Cultural Centre from 7:15 to 8:15 p.m. The Library hours are Monday through Saturday 3 - 5 p.m. Tuesday, Thursday and Friday evenings from 7:30 to 9 p.m. Enjoy your library this summer - a good book is such a pleasant way to relax and get the best out of your holiday.

## kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: Who invented the first airplane that didn't fly?

A: The Wrong brothers.

Q: Why did the farmer name one pig ink?

A: Because he kept running out of the pen.

Q: Why was the little boy surprised to find carrots growing in his ears?

A: Because he'd planted lettuce.

Q: What fish is a precious metal?

A: A gold fish.

Q: When are cooks most cruel?

A: When they beat the eggs and whip the cream.

**LET'S DO IT AGAIN NEXT YEAR**

# senior league

by Bert Harrison

Dear readers. I'm starting this letter on June 21st day. To tell you what is happening here, and not let it slip away. It was sing song time again Friday afternoon, Grace Coburn came to lead the singing, and read some humorous poems. Florence Robinson came to play the tunes, then Florence and I played some piano - harmonica tunes, to help to entertain. We thank you for coming, please come back again.

Arnie Wright has been on a week's holiday, we really miss her when she is away. Edna Cowan is away, attending her niece's wedding on this Saturday. Congratulations we would like to say.

Quite a lot of activity over the weekend here at Hyland Crest. Mary Oliver had a dear friend come to call on her that she hadn't seen for years and was her special guest. Millie Wood had her daughter and her great granddaughter come to call on her. Winnifred Johnson is doing fine. Lily Hogg had her son Taylor and his wife call on her this Sunday.

A nice service in the chapel Sunday night, when both the Burgess' and the Thompsons are there everything goes just right. Our nurses seem to be doing fine. I haven't kissed any of them for quite some time. Sorry to report that Millie Wood, to the hospital she has gone. We don't know just for how long.

Tuesday morning Rev. John Smith of Haliburton Baptist Church, came down to us this 25th June day, brought us a very interesting message, from the book of Jeremiah before he went away.

Fred Ballard came the music to play. In the afternoon to the movies we went forth, and watched "Tomorrow's Salmon" and "Sixty Degrees North".

Wednesday morning Doris said "All residents who have enough spark climb into the Hyland bus and head for Huntsville Arrowhead Provincial Park". The weather it was lovely, the fresh air in our faces really good to feel, and

we never worry with Doris at the wheel. The country is so lovely, this time of the year, we saw cattle, sheep and goats, but not any deer. When we came to the shore of Arrowhead Lake, we had picnic tables, where our lunch we did partake, and was it ever good. When our kitchen staff pack our lunch we're sure of lots of food. After sitting and visiting for a while, we wanted to see all we could see. For senior citizens everything was free. Back to Huntsville Museum we did go, and we viewed many tools our ancestors used years ago. Then we started back to Hyland Crest. We thank our volunteers for treating us the best. Linda played her guitar to lead us in a sing song. It was nice to have her son Dale with us, we're glad he came along.

This having been senior citizens month, on behalf of all of us here, we would like to thank the powers that be, for providing transportation to different places each week, and everything was free. Lola Prentice told me, for this special occasion, they had a Prentice reunion at Bobcaygeon. Relatives came from far and near I guess, they had a lovely time. It was a real success.

The Gelert ladies came and served a lovely lunch this Thursday afternoon. To thank them in some small way, Doris and I played them some lively tunes. We also had a birthday party, for those who had birthdays in the month of June. With a lovely birthday cake made by Dorothy McElwain, who is leaving Hyland Crest. And so is one of our cleaning ladies, Brenda Tilley. We sure are going to miss you two, we wish you both all the best.

We are glad to have Millie Wood back with us again, we would like to say. And she is getting stronger, each and every day.

Well readers, how time does fly, the next time you will hear from me it will be in July.

Some people look intelligent when they wear glasses, but it is only an optical illusion.

you don't smoke

## Why pay for the fires of those who do?

Careless smoking is a major cause of fires in the home. At Maplex General, non-smokers enjoy competitive rates that reflect the improved risk they represent.

Non-smokers also enjoy comprehensive and up-to-date coverages. There are three homeowner plans from which to choose as well as plans for tenants or condominium owners. And, there's a full range of optional coverages available.

Good value in both coverages and price are good reasons why non-smokers should choose Maplex General Insurance.

## CARD OF THANKS

We would like to thank everyone for their cards and phone calls while Bob was in Ross Memorial availing himself of the expert services of Dr. Yardley and his team in the Orthopaedic unit. We would also like to add our voice to that of those who oppose the closing of this facility.

Nancy and Bob Cook  
Canning Lake

We wish to extend a sincere thank you to the residents, management and staff of Hyland Crest for your care and attention given to Mother, the late Edith Moon, during her stay at the home. Also, thank you to Dr. J. Lodenquai, the nursing staff at the Minden Hospital and to our many friends and relatives for your acts of kindness.

Jim and Beryl

## CARD OF THANKS

Many thanks to everyone for their gifts, visits and kind enquiries since my accident, especially my sewing circle of friends for postponing our "day out" on my account. I really appreciate your thoughtfulness.

Eleanor Bunker

I would like to express my deepest thanks to my family and friends for all their prayers, visits, cards, flowers and gifts while I was in the hospital. Special thanks to Pastor Wicks, Dr. Holliday-Rhodes and the staff of the Minden hospital.

Annie Walker
